

GLASS & STAINLESS STEEL PROTECTION

EnduroShield

EnduroShield will make light work of cleaning and help keep glass looking new over its average life.*

- ✓ Cuts time - glass & stainless steel stays cleaner for longer
- ✓ Superior protection against staining & etching
- ✓ Repels both water & oil based stains
- ✓ Once only application & no aftercare products required
- ✓ Reduces water usage & the need for chemical cleaners
- ✓ Suitable for all types of interior & exterior glass & stainless steel surfaces

*EnduroShield has been tested and certified for durability to simulate a lifetime of 10 years on interior and exterior use by one of the most prestigious independent global certification and safety agencies TÜV Rheinland.

WARRANTY

REPELS WATER

From design and project management to manufacture, final installation, and maintenance - your project is in good hands with Kemmlit UK. Our products are now available with the best stain protection available - EnduroShield, a low maintenance, eco-friendly coating that chemically bonds to the surface, creating a powerful non-stick barrier resistant to corrosion, etching, and staining.

Once coated with EnduroShield, the high performance surface is 90% easier to clean than ordinary glass and stays cleaner for longer. The required frequency of routine cleaning is significantly reduced, giving environmental benefits through the reduction of water and cleaning chemical usage. EnduroShield has also been shown to significantly reduce the permanent etching caused by cement render splashing on glass during construction.

We offer the state-of-the-art EnduroShield protective treatment as an option on all glass and stainless steel products. With EnduroShield, standard glass is transformed into an easy clean, non-stick surface which remains water and oil repellent, and is backed by a true performance warranty. Once applied, the glass stays cleaner for longer, significantly reducing cleaning.

If you want to save time, money and considerable effort, talk to us at **Kemmlit UK** about EnduroShield-treated glass.

- Easy to clean
- Durability tested
